Is it Time for a Move?

Where to Start and the Steps to Transition

1.
 - **Catalyst:** Illness, Injury, Close-Call, Diagnosis, Planning for the Future
 - What is your catalyst: _____
2.
 - **Research:** Online/Website, Phone Calls, Tours/Visits
 - What communities are you interested in?: _____
3.
 - **Considerations:** Health Care Needs, Amenities, Reputation Cost
 - What considerations are most important?: _____
4.
 - **Decision Making:** Community/Apartment Selection, Deposit
 - What community/apartment did you choose: _____
 - Deposit Details: _____
5.
 - **Preparation:** Health Care Assessment, Documentation, Moving Details
 - An assessment and move-in paperwork will be completed, all necessary medical/legal documentation will be collected, moving arrangements will be made by the community
6.
 - Move-in Day!
 - All items will be arranged as the resident chooses and optional health care assistance will begin based on the health care assesment and the resident's wishes!

We want you to be aware of the process and the order of actions to ensure a smooth and positive transition to a Senior Housing Community. Here are some great tips to keep in mind:

- Start looking before a crisis!
- Pay attention to details and ask a lot of questions!
- Leave a deposit while the apartment you want is available!
- A health care assessment can help you narrow down your options!
- Choose a locally managed community with values!: 'Rolling out the Red Carpet for YOU,' "Embracing Every Moment," Dare to Dream Program
